Experience

Mediyum Design, Panjim

Interaction Designer | Dec '19 - Present

I've worked on a wide variety of products (b2b2c, b2c) in ed-tech, productivity and support domains. I've worked with founders to understand customer needs and journeys to build MVPs for Sulekha e-learn, Workomo. I've also worked with product managers and engineers on flows and Interfaces for new product explorations and ML interfaces for Helpshift. (UX & Digital Product Design)

Freelance Consulting

UX Research | Jun'19 - Dec'19

As a freelance consultant with Mediyum and Treemouse (NID Alumni Design Studios); I've designed, planned and conducted User Research for edu-tech and fin-tech startups. Using Long-Interviews and Synthesis to understand meanings people hold in their journeys. (User Research) (User Journeys)

Better By Design, Hyderabad

Design - Research & Experience | May'18 - Feb'19

I played a pivotal role in creating game-like and narrative-driven experiences for kids. The research and design areas concerned were around "classrooms as storytelling mediums", Serious Games, Learning through Play and Communicating ideas around design to kids. (Experience Design) (Narrative Design) (Game Design)

InstillMotion, Hyderabad

Creative Technology (Part Time) | July - August '16

(Interaction Design) (Innovation Engineering)

Industrial Design Center (IDC), IIT Bombay

Summer Intern | 2 months, May'12 - July'12

(Interaction Design) (Android Development)

Academics

M.Des
2013-2018

National Institute Of Design
New Media Design

B.Tech
2009-2013

Koneru Lakshmaiah University
Electronics and Computer
Engineering

Research Interests - Politics of Technology, Intelligent User Interfaces, Speculative/Discursive/Critical Design, Narrative Self, Meaning-making, Participative Design Methods, Design Justice

Skills

Research Ethnography, Long Interviews, User Journeys.

Interaction Design Wireframing and Prototyping - Adobe XD, Figma

Visual Design Adobe Illustrator, Photoshop, Flash, Premiere Pro

Hardware / Software Prototyping Arduino, Processing, ActionScript, OpenFrameworks, HTML, JS.
